

COVID-19 SCREENING

If you feel ill or are displaying coronavirus symptoms — stay at home!

1 Clock in for your shift as normal.

2 Proceed to the waiting area.
Maintain social distancing of 6 feet/2 meters.

3 Remove any clothing covering your head or face before testing.

4 Approach the screening area when called.
Answer personal health questions honestly.

5 Your temperature will be checked using a digital thermometer.

Normal temp. (below 100.4F/38C):
Approved for Work

Above normal temp. (at 100.4 F/38C or higher):
Re-test, Isolate, or Return Home
