

# Identity Protection

Every two seconds, an American becomes a victim of identity theft,<sup>1</sup> when someone has deceptively stolen their personal data in order to fraudulently open accounts, file taxes, or make purchases. Identity theft is a fact of life in the modern world, which makes safeguarding your information and identity a must.

## What to consider

CSID provides global identity protection and fraud detection technologies, including:

- **Internet Surveillance** – Monitors the web, and alerts you if your data is compromised
- **Identity-Theft Insurance** – Includes expense and stolen funds reimbursement
- **Full-Service Identity Restoration** – Access to 24/7 white glove service to restore your identity
- **Lost-Wallet Services** – To terminate and reissue the contents inside your wallet to minimize risk

## Key features

- Three options so you can select the best level of identity protection for you and your family
- Social media monitoring is available to protect against privacy, reputation risk, and cyberbullying
- Get a discounted rate when you enroll through NetBenefits®
