

DO YOUR PART, KNOW COVID-19 SYMPTOMS

ONSET

On average, symptoms show within 5 days, but may take up to 14 days.

DURATION

Mild cases last 1 to 2 weeks. If symptoms persist or worsen, seek medical care.

SYMPTOMS

- Fever (>100.4F/38C)
- Fatigue/Weakness
- Shortness of Breath
- Dry Cough

RECOVERY

72 hours without fever

Stay home and call a doctor if you have symptoms.

Regularly wash your hands.

Minimize touching your face.
